

DART BLACKOUT BLIND RANGE

Blackout Fabric • 13 Colours • FR

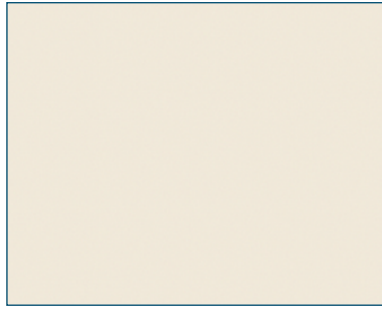

Dart fabric has been constructed with a reinforced fibreglass and PVC fibre, which is moisture resistant, and will block out most light entering your room. The fabric is very easy to clean and is the natural choice for humid areas, such as shower rooms and washroom areas.

DART fabric blocks out up to 100% of sunlight through the material, it offers 100% UV protection, 0% Light Transmission and 0% heat transmission. Furthermore, it conforms to flame retardancy BS5867, Part 2: Type B 2008.
